Award Given to Torrance Unit National Guard

Torrance Company E of the 132nd Engineer Battalion, California National Guard, was presented with a perpetual training trophy for outstanding performances in the final quarter of 1961.

Lt. Col. William L. Geisert, battalion commander, made the special trophy presentation during Sunday's reserve meeting in the Torrance Armory.

Lt. Jack Greenspan, Company E commander, accepted the award.

The perpetual trophy will be in the hands of Company E until the winner of 1962's first three month period has been determined.

It is a new honor started among the companies of the battalion to single out the company which shows it has advanced the farthest in training regulations. It was first established in September of 1961 and Company E became the initial winner in the September to November period.

Points toward the trophy are tabulated through inspections by commanders and a special test given to four men in each of the battalion companies.

Scores registered by the four company representatives account for the majority of the points.

Torrance Company E representatives were:

Lt. Earl Hurley, Gardena; Sgt. Lyle DeCuir, Gardena; Spec. Darlo S. Franco, Wilmington; and Pvt. Ronald O'Neil, 4930 Merrill St., Torrance.

Parents Learn 'How It Feels to Learn to Read' in Demonstration

Opportunity for parents of unique reading clinic at Lincoln School PTA, Torrance, to share in an actual demonstration on "How It Feels to Learn to Read" was given last Thursday evening.

Dr. Leo T. Phearman, professor of elementary education at Long Beach State College, placed the parent in the position of a first grader with his first book, giving a dramatic picture of the problem of learning to read.

"It is hoped that after the parent experiences what a child faces in reading the lines, circles and angles that he will be more tolerant and have more patience as the youngster begins to read," the professor said.

SPECIALIST

Dr. Phearman is a specialist in reading and is considered one of the outstanding experts in this subject in the United States. The instructor has conducted a

unique reading clinic at Lincoln School PTA, Torrance, for the past seven years and his analysis of reading problems and teaching procedures is known throughout America.

In addition to teaching at State College, he teaches at Biola College. His free time is devoted to Christian organizations and service and presently is serving as staff reading consultant for Vision magazine.

Special music featuring the Lincoln School choral group under the direction of Daniel Walker, sixth grade teacher, was presented. Walker's group is considered one of the best at the elementary level in the South Bay area. The choral group is comprised of 4-8 graders, who practice with the director during lunch hour at the school.

PRESENT SKIT

Mrs. Richard Anderson,

president of Lincoln PTA, announced that the April 2 meeting will feature the El Camino College vocal ensemble, directed by Neil Hill, and the college drama department will present a skit on child psychology.

Lt. Gus Retwisch of the juvenile department, Torrance, will speak on causes of juvenile delinquency.

Mrs. Anderson invites interested parents in the community to attend the informative and entertaining program in the school cafeteria at 7:30 p. m.

ANNUAL DANCE

The Torrance Elks will hold their annual St. Patrick's dance on Saturday, March 17, at their new home, 1820 Abalone Ave.

Dancing will begin at 9 p. m. to the Glenn Miller type of music furnished by the Esquires.

Physical Fitness Program Given

The next business meeting of the Palos Verdes-South Bay Alumnae Alpha Xi Delta, will be held tomorrow evening, at 8 o'clock at the home of Mrs. B. Frudenfeld, 5826 Chariton Ave., Los Angeles. She will be assisted by Mrs. Billy Blanchard.

After the business meeting, a program on physical fitness will be presented by Mrs. Paul Manahan, a physical fitness instructor at El Camino College. Also on the agenda for the evening is the making of the final plans for a luncheon and program for founder's day, April 14, to be held at a local restaurant, and the election of officers for the coming year.

GETAWAY TROUBLE

Dodgers have broken well from the barrier only once since they came to the West Coast, winning seven of their first ten games in 1959 when, incidentally, they carried on to a pennant and a World Series triumph. In 1958 they were 4-6 and the last two years they've struggled to .500 averages at 5-and-5 in the first ten.
